

Disaster Relief Crew Roster

Date(s) crew plans to serve

Relief project

Every volunteer must fill out this form! Personal contact information will be kept private and used only for follow-up on this event.

Crew chief

	Name	Mobile phone number (please carry whenever possible)	Any special medical condition or other information we should know about	Email address	Home ward	Home stake
1						

Name of presiding priesthood leader from your local area who accompanied you to this disaster relief:

Crew chief is responsible for maintaining and updating assigned work orders, and will be the person to "return and report" to relief coordinators. Be sure the crew is familiar with all safety procedures--especially those regarding power tools. Chainsaws should be checked regularly for chain oil and chain tension. Encourage the homeowner to take photos of the property before the crew begins work. This could help if the homeowner's insurance claims adjuster inspects the home later.

Crew drivers (If provided, the special government permit should be displayed in the windshield of each vehicle at all times.)

	Name	Mobile phone number (please carry whenever possible)	Any special medical condition or other information we should know about	Email address	Home ward	Home stake
2						

Make and model of vehicle:
